

## **Steel Bones is recruiting Trustees**

Steel Bones is a small but growing registered charity with ambitious plans for future development of its services. To help us grow we need dedicated members of the public to join our Board. This is an exciting time for Steel Bones with its first multi-year grant from the National Lottery Community Fund.

Our vision is only just beginning, and we seek new Trustees to join us on our journey.

We are particularly keen to recruit board members who have one or more of the following skills:

- Lived experience of amputation or experience of caring for a person with amputation
- Previous Charity Board experience or working for Charities
- Experience of working with the NHS and/or amputee community
- Expertise in Marketing and PR
- Expertise in Finance
- Expertise in Fundraising

Board meetings are held every three months in Thetford on a Monday evening between 6pm and 8pm. The Board plays an active role in Steel Bones life, connecting with the families we work with as much as possible. Trustees enjoy listening to and meeting the families we work with to ensure we are benefitting the community we serve in the best way possible.

The Board is responsible for setting the strategy and policies of Steel Bones, guiding and supporting the Director and her staff.

To find out more about joining our Board, please contact the team before 30<sup>th</sup> October by emailing [yicki@steelbone.co.uk](mailto:yicki@steelbone.co.uk)

Please note we will positively recruit people with disabilities onto the Board of Trustees. Please let us know how we can best include and support you through the recruitment process.
