

We are a small, new charity but we do have fierce ambition to ensure every amputee is aware of us and everything else for amputees which can support them and help them through the worst times.

Sometimes the worst hits years after amputation. We are a charity run by amputee families for amputee families and all our activity and events are as a result of the community we serve asking for them. We follow what they need wherever that may be.

We are very good at locating funds to help keep activities and events free or very low cost to families so we can provide on the ground support as well as our support phone line and online groups.

We enclose resources for your patients to access including posters for your patient information boards highlighting what we can do to help and how they register for their free support pack. There are also LimbPower Colouring sheets for your young patients. We have a young people's programme supported by Children In Need which you will see some information on, please do pass these details onto any children with limb loss or limb difference or grandchildren, children, siblings of amputees.

Plus, you will see a poster for your staff room whereby your colleagues can sign up to receive our quarterly health professionals Newsletter.

You can also use this link to sign up: <https://forms.office.com/e/ZwUBffwbPg>

Steel Bones loves helping amputee families with all sorts of queries and info to help them achieve their goals and live life to the full. Here's some info and a list of things we do which we hope may help give you a better idea of how we can practically help your patients: if we don't know the answers, we know someone who does!

1. Free support pack to every amputee family who registers here: <https://buff.ly/2RrPYYd>
2. 121 peer support from our family mentor volunteers who are amputee family members too
3. Support and information on applicable benefits, discounts and reductions
4. Support with prosthetist appointments, advocacy
5. Support with housing adaptations, helping to chase adaptations
6. Sourcing funding for equipment which is beyond the realms of social care budgets
7. Writing applications for white goods donations and household essentials
8. Contacting MP, Councillors and local voluntary groups to secure food deliveries, foodbank referrals and support with any other needs families have
9. Connecting amputees with other amputee families in the area
10. Providing fun, family events – Christmas Campfire experience, horse riding event, boat trips and Summer Celebration Days. You can find EVENTS COMING UP here: <https://steelbone.co.uk/main-events/>
11. Working with schools and other agencies to support families
12. Researching info on any specialist activity or trip amputees would like to do

Please keep up to date with all Steel Bones events at
<https://steelbone.co.uk/main-events/>
